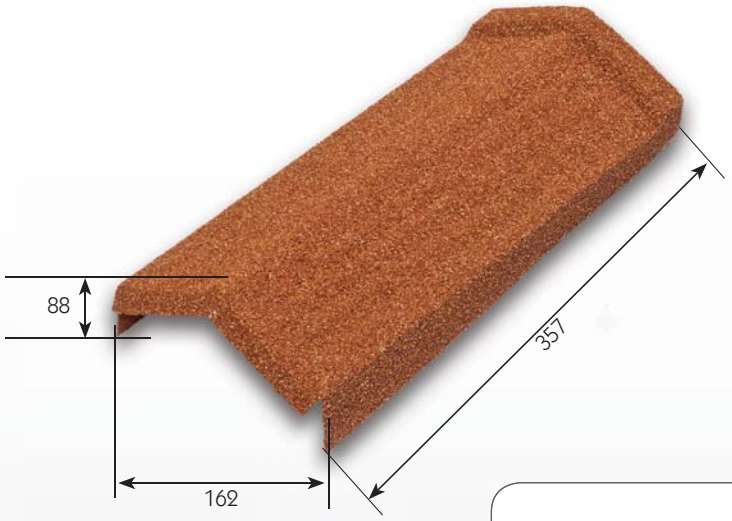
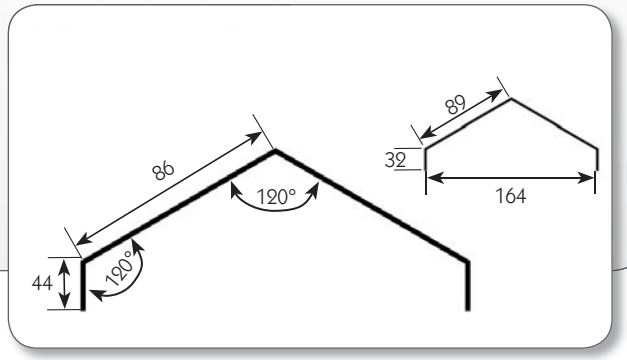
Angle ridge cap
1AR

Hip and ridge accessory
to give the roof a angled, wooden effect





Design

The single angle ridge cap is designed to give your roof a angled wooden 'finishing' effect. It is pressed from ALUZINC 185 metal and available a wide range of colour in granules, satin, brilliance finish to comply with the rest of the roofing materials.

A single angle ridge cap is the small version of a normal angle ridge. This accessory is for sealing the top courses of the tiles at the ridge of the roof. It can also be used for the hips of the roof.
